

69th World Health Assembly Side Event

Addressing the

Global Challenge of Medication Safety to Improve Patient Safety and Quality of Care

Wednesday
12:15 – 13:45 hours
Room XXIII (23)
Palais des Nations

Light refreshments will be served from 12:00 - 12:15 hours

Chaired by

His Excellency Piotr Stachaczyk, Ambassador, Permanent Representative of Poland
to the UN Office in Geneva

Sir Liam Donaldson, WHO Patient Safety Envoy

Dr Edward Kelley, Director, Service Delivery and Safety, WHO

Medication without harm

Understanding the problem

Emphasize the global burden of unsafe medication practices and highlight obstacles to safe medication use and practices.

Connect to the patient's perspective and discover the importance of avoiding harm in the prevention of medication errors.

Creating solutions

Strengthen the systems and practices of medication by unifying the efforts of patients, professionals and leaders in health care with the WHO Global Patient Safety Challenge on Medication Safety.

Share experiences and address barriers to reduce medication-associated harm from policy-makers, leading experts and patient representatives.

This event is hosted by
Poland, Malaysia, Oman and Sri Lanka

With the support of
WHO Department of Service Delivery and Safety
Health Systems and Innovation Cluster
