

GLOBAL ENGAGEMENT WEBINAR SERIES ON THE WHO GLOBAL RESEARCH AGENDA ON HEALTH, MIGRATION AND DISPLACEMENT

WEBINAR 1:

Translating the Global Research Agenda on Health, Migration and Displacement into Evidence-Informed Policies

Date: January 22nd 2024

Time: 13:00-14:30 CET

Hosted by: WHO Health and Migration & the Evidence-Informed Policy Network (EVIPNet), Research for Health Department, WHO Science Division

WEBINAR OVERVIEW

In 2023, WHO Health and Migration launched the Global Research Agenda on health, migration and displacement, identifying five key research themes to address health gaps for migrants, refugees and displaced populations. This webinar engages policymakers, academics and public health professionals in translating the WHO Global Research Agenda into actionable policies and practices.

Promoting evidence-informed decision-making is essential for achieving WHO targets and the health-related Sustainable Development Goals.

OBJECTIVES:

To explore effective integration of the Global Research Agenda into policy and public health practices

To identify challenges in implementing the agenda

To facilitate dialogue for adapting the agenda at regional and national levels

To promote collaboration to strengthen knowledge translation and decision-making

To share actionable insights for integrating the Global Research Agenda recommendations

Be part of this important conversation to shape evidence-informed policies for promoting the health of migrants, refugees and other displaced populations.
