Conference speakers

Tedros Adhanom Ghebreyesus

WHO Director-General

Dr Tedros Adhanom Ghebreyesus was elected WHO Director-General for a five-year term by WHO Member States at the Seventieth World Health Assembly in May 2017 and reelected by the Seventy-Fifth World Health Assembly for a second mandate. Dr Tedros was the first WHO Director-General elected from among multiple candidates by the World Health Assembly and was the first person from the WHO African Region to head the world's leading public health agency. Born in the Eritrea, Dr Tedros graduated from the University of Asmara with a Bachelor of Biology, before earning a Master of Science (MSc) in Immunology of Infectious Diseases from the University of London, a Doctorate of Philosophy (PhD) in Community Health from the University of Nottingham and an Honorary Fellowship from the London School of Hygiene and Tropical Medicine. Following his studies, Dr Tedros returned to Ethiopia to support the delivery of health services, first working as a field-level malariologist, before heading a regional health service and later serving in Ethiopia's federal government for over a decade as Minister of Health and Minister of Foreign Affairs.

Matshidiso Moeti

WHO Regional Director for Africa

Dr Moeti, from Botswana, is the first woman to be elected as WHO Regional Director for Africa. Over the past five years, Dr Moeti has led the transformation of WHO in Africa to ensure the Organization is accountable, effective and driven by results. A key feature of the Regional Director's leadership is the cultivation of strong partnerships, both with traditional and new partners, including philanthropic foundations, civil society, academia, and increasing engagement with young people and women in global health. Dr Moeti is a public health veteran, with almost 40 years of national and international experience. Dr Moeti holds a degree in medicine (M.B., B.S) and a master's degree in public health (MSc in Community Health for Developing Countries) from the Royal Free Hospital School of Medicine, University of London and the London School of Hygiene and Tropical Medicine, respectively.

Soumya Swaminathan

WHO Chief Scientist

She previously served as WHO's Deputy Director-General for Programmes. A pediatrician from India and a globally recognized researcher on tuberculosis and HIV, she brings with her 30 years of experience in clinical care and research and has worked throughout her career to translate research into impactful programmes. Dr Swaminathan was Secretary to the Government of India for Health Research and Director General of the Indian Council of Medical Research from 2015 to 2017. She received her academic training in India, the United Kingdom of Great Britain and Northern Ireland, and the United States of America, and has published more than 350 peer-reviewed publications and book chapters.

Ren Minghui

Assistant Director-General, Universal Health Coverage/Communicable and Noncommunicable Diseases

Dr Minghui was appointed Assistant Director-General for HIV/AIDS, Tuberculosis, Malaria and Neglected Tropical Diseases in January 2016. In September 2017, he became Assistant-Director General for Communicable Diseases. Prior to his tenure with WHO, he was Director-General for International Cooperation in the National Health and Family Planning Commission of the People's Republic of China.

Meg Doherty

WHO Director Global HIV, Hepatitis and STIs Programmes

Dr Doherty is the Director of the Department of Global HIV, Hepatitis and Sexually Transmitted Infections Programmes (HHS) at the World Health Organization (WHO). Appointed on the 1 February 2020, Dr Doherty was previously the Coordinator of Treatment and Care in the Department of HIV at WHO Headquarters since 2012. She has more than 25 years of experience working in HIV and infectious diseases, including leading WHO's normative and programmatic work focusing on expanding HIV treatment to all and reducing inequalities in access to the most effective anti-retroviral drugs for people living with HIV.
