

Primary Health Care: Transforming Vision Into Action

Monday, 14 December 2020 | 11h00- 13h00 (CET)

Marking the two-year anniversary of the Declaration of Astana, this event, hosted by WHO, UNICEF and the Ministry of Health of Kazakhstan, brings together national experiences from across the globe to launch the Operational framework for primary health care and discuss its relevance for strengthening PHC both in the COVID-19 pandemic context and as part of building better.

Go to the [event page](#) for further information and to watch the event live

11:00 – 12:00 CET

High level plenary with the Minister of Healthcare of Kazakhstan, Director-General and Deputy Director-General of WHO and Executive Director of UNICEF as well as a panel of health ministers from around the world moderated by the WHO Regional Director for Europe.

12:00 – 12:45 CET

Participants will choose one of 5 policy round tables with senior policy makers discussing levers of the Operational Framework

Roundtable 1: Governance and policy frameworks

Roundtable 2: Models of care

Roundtable 3: Workforce

Roundtable 4: Digital technologies for health

Roundtable 5: Financing/strategic purchasing
