# SUPPLEMENTARY TOOL

# Programme dashboard template

The purpose of the dashboard it to provide at-a-glance information on the need for and successes of the programme to decision-makers who may not be regularly involved in the programme. This can be used as an advocacy tool to communicate the need for the programme, and to seek further political and financial support.

Country

#### NTDs context

[Insert key information on NTDs in your country. If available, insert maps showing disease prevalence and/or co-endemicity as Ethiopia example here]

Disease	No. of endemic districts/ % prevalence	Population at risk
STH		
Schistosomiasis		
LF		

Other figures:

NTD-related disability Number of cases of other NTDs of interest

 $\textit{Source}: Ethiopia Federal \ Ministry \ of \ Health-Neglected \ Tropical \ Diseases \ Section, and \ Hygiene \ and \ Environmental \ Health \ Section.$ 

## **Transmission/implementation context**

[Insert key information on determinants and broader impact of NTDs, such as access to water and sanitation services or trends in access, undernutrition trends, poverty indices etc.]

## (Annual/interim) results

Insert key figures showing progress against the programme success indicators, such as numbers of beneficiaries reached, process indicators, etc.]

- No. / % districts with functioning coordination structures
- Trends in NTD prevalence
- Beneficiaries reached with programme interventions:
  - mass drug administration
  - water supply
  - sanitation and hygiene promotion
  - surgery
